May 2, 1993

Dear Harold,

Thank very much for encouraging note - and the memories of time gone by. I think that Blakey pudge can only recede that we are still waiting for under the new JFK Records law. I

suppose Truman will get
around to appointing the
review bd sometime after
he names his umpteen thous.
secy of widgets. My best
to Lil and I hope to see
you one of these days.

Singerely,
Leroy
